THE COUNCIL FOR TOBACCO RESEARCH, U.S.A.

CONFIDENTIAL

February 14, 1966

MEMORANDUM

TO: The committee comprising Dr. Andervont, Chairman, Dr. Little and Dr. Jacobson.

FROM: Robert C. Hockett

SUBJECT: New grant application from Cesare Biancifiori, M.D. - #521.

We enclose herewith a new application from Dr. Cesare Biancifiori of the University of Perugia, Italy. Ten reprints by Dr. Biancifiori are also enclosed.

I visited this laboratory in June 1965 with Dr. Harold L. Stewart of the National Cancer Institute. Dr. Stewart expressed a high opinion of the research group at the Perugia Institute of Pathology, and has signified his willingness to write a comment on the proposed study for our SAB. This will be forwarded when received.

This application is being sent at present only to members of the committee, but we plan to include it in the agenda for the March meeting.
